
European American Network

More business-minded Europeans are coming to Lee County.

Trish Leonard, president of the European American Network, said the group had guests from Sweden and Switzerland among other countries at its annual holiday gathering Dec. 14. About 50 members and guests mingled at Angelina's Ristorante in Bonita Springs to network and help others.

Attendees brought wrapped gifts, which were donated to the Salvation Army Family Unit Center in Fort Myers to give boys and girls or parents in need a gift for the holiday.

Along with the gifts, about \$100 also was donated to the Salvation Army.

In other news, the network has updated its website to reach out to Europeans and Americans interested in joining.

Leonard said the website will help the organization expand on its goal to reach out to both cultures, help them learn about each other and facilitate business networking.

Members of the European American Network collected presents for the Salvation Army's Family Unit at the group's holiday gathering Dec. 14.
